

Injectable Nutrient Re-Certification

Tulsa Oct. 7, '17

Sponsored by: **Unified Chiropractic Association**

Michael Taylor, D.C., DABCI reviews the following: Needles: Hypodermic / spinal / filtered / winged / Huber / catheter / Syringes / Carrier Solutions / Admixtures / I.V. tubing / Sterile technique / Emergency procedures / Trigger point injections / Mesotherapy injections and protocols / I.V. protocols / Review of blood testing for diagnostic purposes to assist in choosing proper interventions / and more.

The 2013 newly promulgated **OBCE rule requiring a six (6) hr. review every three (3) yrs.** to satisfy **Re-Certification** reads as follows:

Subchapter 5: Authorization for Injectables

140:15-5-4. Continuing Education Hours

- (a) Effective July 1st, 2014, each chiropractic physician in the State of Oklahoma who is authorized by the Board to administer and use injectable vitamins, minerals, or nutritional supplements must re-register and submit a sworn statement of hours of continuing education completed during the concluding licensing period. Every three (3) years after original registration, each applicant shall submit documentation of completion of a total of six (6) hours of continuing education during the three (3) year period. The continuing education hours shall be related to the administering and use of injectable vitamins, minerals and nutritional supplements. These hours are in addition to the annually required sixteen (16) hours of continuing education.
- (b) Upon successful demonstration of these requirements, the Board shall continue the applicant's name on the registry of chiropractic physicians who are authorized by the Board to administer and use injectable vitamins, minerals, or nutritional supplements.
